• Month-to-Month Billing

 **License Billing Rules**

Standard licenses are billed as a single annual contract, not monthly. Pro License tier typically runs \$22-25 per teacher per month. Schools choose billing periods of 9,10 or 12 months. Standard Grader tier is not available under the License plan

 **Admin & Teacher Control**

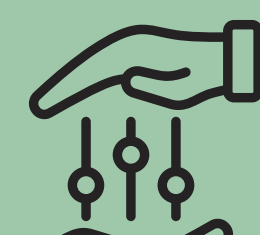

Under a License, the Admin account manages all billing and top-up credits for individual teachers. Teachers retain full grading feature access but cannot modify billing. Students never pay and are limited by their teacher's credit pool.

 **UX & Plan Management**

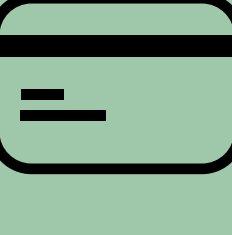

Under a License, the Admin account manages all billing and top-up credits for individual teachers. Teachers retain full grading feature access but cannot modify billing. Students never pay and are limited by their teacher's credit pool.

 **Credit Rollover Policy**

Unused AI credits roll over at the rate specified per tier: 15% for Standard, 25% for Pro and Power. Overage credits can be purchased in 5K increments at tier-specific rates (\$3-\$5). Credit top-ups for License users are managed by Admin only.s choose billing periods of 9,10 or 12 months. Standard Grader tier is not available under the License plan

 **Custom License Contracts**

The Custom tier allows fully tailored contracts for large districts or high-volume use cases. Pilot contracts are priced significantly below standard rates. Edge cases (monthly License billing, mid-contract teacher additions/removals) are handled case by case.

 **Payments & Processing**

All payment processing is handled through Stripe. This covers subscriptions, plan upgrades, cancellations, and overage credit purchases. License contracts may be invoiced separately. Individual users manage everything from within the app's Settings tab.
